# SUN GLARE CAN BE DANGEROUS

***Glare off road surfaces  
can be very dangerous.***

Many accidents are caused by blinding glare, low bright sun reflected off wet or shiny road surfaces.

Only polarised lenses can combat blinding glare through their unique design features.

***Glare from the dashboard windows  
and other reflective surfaces can be  
distracting***

Ordinary tinted sun-glass lenses only reduce the amount of light reaching the eye, only Polarised lenses block glare.

***Polarised Sun Lenses.***

Available in many lens forms for most visual needs to your individual prescription.
