Norville Lens Supplies
Finished Stock Lenses

www.norville.co.uk

Welcome to NLS - Norville Lens Supplies

NLS is the wholesale lens division of Norville, with over 25 years' experience of supplying stock finished lenses to practices and labs who choose to glaze on site.

We pride ourselves on offering the best range of standard and specialist lens products across a huge range of in-stock prescriptions. We offer a same day despatch service on orders placed before 4pm, Monday to Friday, and our friendly and knowledgeable NLS team are always on hand to recommend alternative products if required.

Whether you prefer to phone, fax, email or EDI your orders, Norville Lens Supplies is dedicated to assisting you and your business.

TO ORDER:

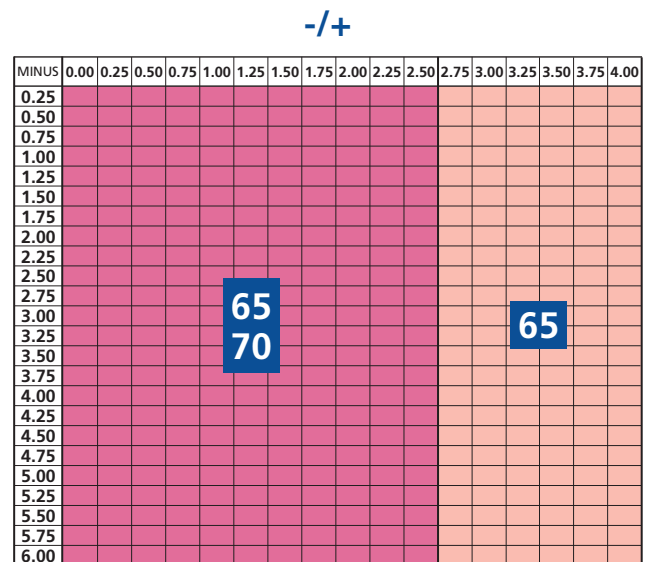

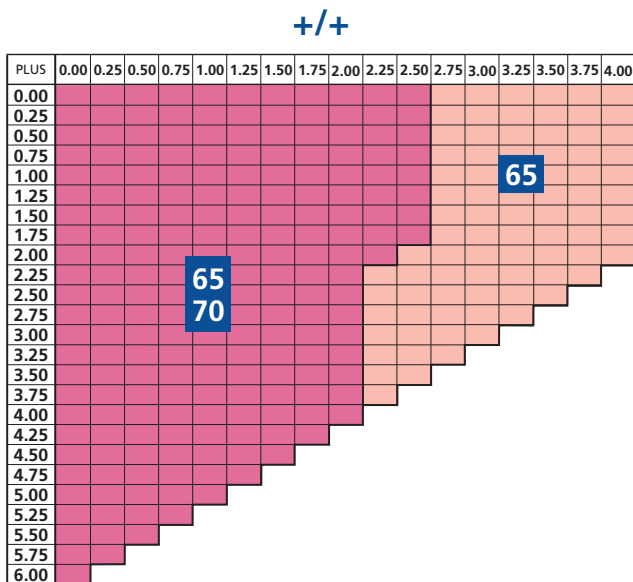

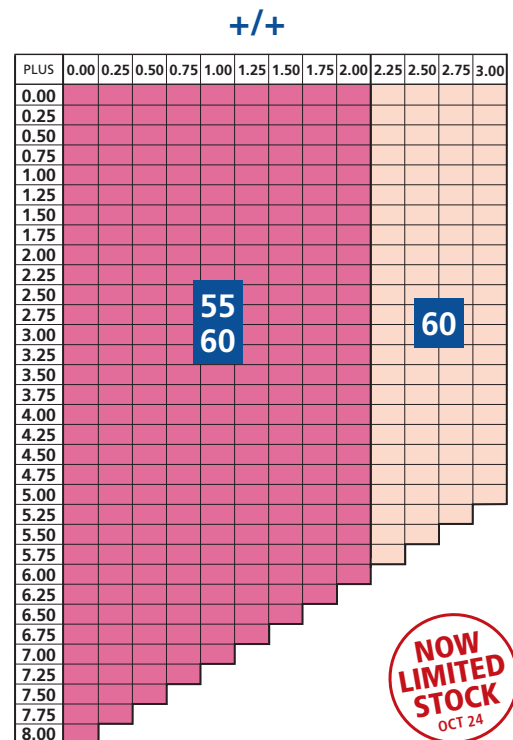

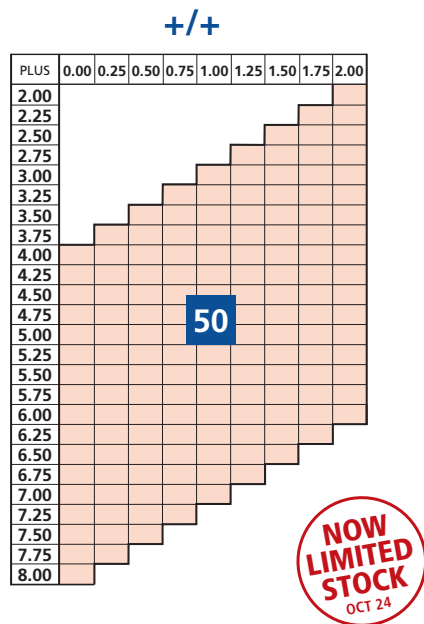

Tel: 01452 510321

Fax: 01452 510331

or order online: www.nlsonline.co.uk

NLS offer Trivex as Hardcoated or HMAR coated options. Trivex has the same impact resistance as Polycarbonate, but does not suffer from internal stress, thus reducing problems with starring around drill holes; it is also resistant to chemical attack. Trivex has a specific gravity of 1.11 g/cm³ making it lighter than Polycarbonate, but with a V = 45. Optically Trivex is great to look through, and offers full UV cut out up to 395nm. Due to its improved optics, Trivex is a great option for children and teenagers, with superb impact protection.

- Impact protection EN166-F
- UV cut out up to 395nm
- Chemical resistant
- Spherical
- Lightest resin material
- Stress free glazing
- V value - 45
- Lens Code: TRSS
