Sports Prescription Eyewear

An active lifestyle and sporting activities are such a large part of modern life today, and having sports prescription eyewear is essential for you to enjoy your favourite sport, safely and with the clearest vision.

Sharp vision is important in all areas of sporting endeavour; such as focussing on a ball, cycling along a busy road, looking across a pitch for a team mate, or safely walking along the side of a swimming pool.

For spectacle-wearing children, it could be the reason to get involved in sport. To be able to join in a game, and not worrying about having expensive glasses knocked off whilst playing, is a massive confidence boost.

The wide range of frame designs from some of the world's leading suppliers, together with the choice of exactly the right lens - including the latest digital lenses - single vision, varifocal, tinted, Reactolite, etc. These are all available to your prescription. All lenses are tested, safety-assured, and made from impact-resistant polycarbonate or Trivex lens material.

We also offer specialist bespoke lens creation. For example, if you need a reading segment within a diving mask, or a specific colour tint to increase contrast for seeing a gold ball in flight, or a colour graduation at the top of a lens, we can provide this service.

Our dedicated Sales Team is available to offer you every assistance in creating the perfect pair of sports glasses. Call 01452 510321 or email: sales@norville.co.uk

1. DEFINITIONS AND INTERPRETATION**1.1 In These Conditions:**

Contract - means any contract for the sale of goods between us and you into which these Conditions are incorporated;
Conditions - means the standard terms and conditions of sale set out below, including any special terms and conditions confirmed in writing by us;

Goods - means the goods which we shall supply in accordance with these Conditions, under an order which is accepted;

we - means Norville (20/20) Limited, and "us" and "our" shall be construed accordingly;

you - means the person placing an order for the Goods and entering into the Contract with us and "your" shall be construed accordingly;

1.2 All rights expressly reserved by or granted to us by these Conditions shall be without prejudice to any other rights which we may have from time to time.**1.3 Unless expressly stated otherwise, where our prior written consent is required in these Conditions, then we shall be under no obligation not to unreasonably withhold or delay in giving that consent. We shall be under no duty or obligation to you to justify or provide a reason for our decision.****2. BASIS OF SALE****2.1 These Conditions shall apply to all Contracts for the sale of Goods by us to you to the exclusion of all other terms and conditions, including any terms and conditions which you may purport to apply under any purchase order. No variation of these Conditions shall be binding unless agreed in writing by us. These Conditions set out the entire agreement to the exclusion of all other terms and conditions. Acceptance of delivery of the Goods shall be deemed conclusive evidence of your acceptance of these Conditions.****2.2 Our employees or agents are not authorised to make any representations concerning the Goods unless confirmed by us in writing. In entering into a Contract, you acknowledge that you do not rely on any such representations which are not so confirmed.****2.3 Where the Goods are to be delivered in instalments, each instalment shall constitute a separate Contract. Failure by us to deliver any instalment shall not entitle you to treat the Contract as repudiated.****2.4 All specifications, drawings and particulars of weights, dimensions and performance issued by us are approximate only and are not intended to form the basis of any Contract.****2.5 We reserve the right to withdraw any offer or special promotion displayed in the catalogue that in our opinion is being abused. However, in the event that you have already placed an order that we have accepted we will provide you with a full refund for any money received.****2.6 Occasionally a product is so popular that orders exceed our expectations. This sometimes means that our stockroom may be out of stock of a particular item for a short time. Accordingly, all orders are submitted by you and accepted by us on a "subject to availability" basis.****3. ORDERS AND SPECIFICATIONS****3.1 All orders for Goods shall be deemed to be an offer by you to purchase Goods pursuant to these Conditions. No order submitted by you shall be deemed to have been accepted by us unless and until the Goods are delivered to you or, if earlier, your order is confirmed in writing as being accepted by us.****3.2 You shall be responsible for ensuring the accuracy of the terms of any order submitted by you, and for giving us any necessary information relating to the Goods within a sufficient time to enable us to perform the Contract in accordance with these Conditions.****3.3 No order which has been accepted by us may be cancelled by you except with our prior written consent and on terms that you shall indemnify us in full against all loss (including loss of profit), costs (including the cost of all labour and material used), damages, charges and expenses incurred by us as a result of cancellation.****3.4 We reserve the right to make changes in design or modify or improve Goods without imposing obligations on ourselves to incorporate any such modifications or improvements into Goods previously manufactured.****3.5 Where you specify that the Goods shall be of a certain colour or size, such specification shall be subject to reasonable commercial variation other than where expressly agreed in writing with you. You shall indemnify us in respect of all costs, claims and expenses incurred by us in respect of any claims of intellectual property infringement caused by any specification provided by you.****4. ORDERING GOODS 'ON APPROVAL'****4.1 Where you order Goods, and we accept your order, 'on approval', the terms of clause 4 shall apply to that order and those Goods. The remainder of these Conditions shall also apply, except as set out in clause 4.****4.2 A maximum of three frame products will be supplied on approval on a single invoice. At the time of dispatch, we will raise an invoice.****4.3 If you do not wish to keep the Goods, you must return them to us within 14 days of delivery and comply with our policy for returns set out in clause 11. If you do not return the Goods within 14 days of delivery we shall debit your account with the price of the Goods.****4.4 Notwithstanding clause 4.3, if you return the Goods to us later than 14 days after delivery (measured by the time between when the Goods are tendered for delivery to you, and the time when we retain possession of the Goods upon return) and comply with our policy for returns set out in**

clause 11, we shall be entitled to levy a stock return charge equivalent to 20% of the price of the returned Goods.

4.5 If your returned Goods quote an Rx order number on which the Goods 'on approval' have been supplied glazed, we will issue a full value credit note.**4.6 For the avoidance of doubt, any Goods returned later than three months after delivery shall not be considered to have been ordered and delivered 'on approval', notwithstanding anything to the contrary stated in your order, our acknowledgement, our acceptance, our delivery note or otherwise. Such Goods shall not be subject to an invoice credit under clause 4.****5. PRICE OF THE GOODS****5.1 The price of the Goods shall be the price quoted in the most recently published version of this catalogue or as agreed between us at a net price.****5.2 While we try to ensure that all advertised prices are accurate, errors may occur. If we discover an error in the price of goods you have ordered, we will inform you as soon as possible and give you the option of re-confirming the order at the correct price or cancelling it. If we are unable to contact you, we will treat the order as cancelled. If you have already paid for the goods and the order is subsequently cancelled, you will receive a full refund.****5.3 Except as otherwise agreed in writing by us, all prices are given by us on an ex-works basis, and where we agree to deliver the Goods otherwise than at our premises, you will be liable to pay our charges for transport, packing and insurance.****5.4 Unless stated otherwise, the price is exclusive of any applicable value added tax, which you shall automatically be liable to pay us at the rate from time to time in force.****5.5 We may, by giving notice to you at any time before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:**

(a) any factor beyond our control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs);

(b) any request by you to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or

(c) any delay caused by any of your instructions or your failure to give us adequate or accurate information or instructions.

6. TERMS OF PAYMENT**6.1 Payment is required from you via your account with us in full within 30 days of the end of the month following delivery of the Goods or (where we waived the requirement for you to set up an account with us) by credit or debit card in full at the time of placing your order. Receipt of payment by us does not amount to us accepting your order, and your order only becomes binding as stated in clause 3.1. The time of payment shall be of the essence of the Contract.****6.2 We reserve the right to refuse an order, or require payment by bank or credit card, where any order placed by you would, if accepted by us, take you over the credit limit on your account with us.****6.3 In the event that a payment is dishonoured by your bank or credit card provider, they (being your bank, credit card provider or our debt collection company) may charge a fee. Where we incur any fee or liability as a result of a dishonoured payment, you will be liable to reimburse us in full for the amount we have incurred.****6.4 All credit and charge card holders are subject to validation checks and authorisation by the card issuer. If the issuer of your payment card refuses to authorise payment to us, we will not be liable for any delay or non-delivery. In addition, in the interests of preventing fraudulent use of credit, debit and charge cards, we may validate the names, addresses and other information supplied by you during the order process against commercially available records (e.g. Electoral Roll data, Credit Reference Services). A third party may also be instructed to complete these checks. By ordering from our website you consent to such checks being made. We may need to contact you by letter, telephone or email to verify details before we are able to process and dispatch your order or we may be unable to accept your order. Any information given may be disclosed to a registered Credit Reference Agency which may keep a record of the information. All information provided will be treated in accordance with the Data Protection Act 1998. These measures are taken as extra protection for you, to ensure your online shopping experience with us is as safe and secure as possible.****6.5 If you fail to make any payment on the due date (including if any payment is dishonoured by your bank or credit card provider), then we reserve the right to cancel the Contract or suspend further deliveries to you, and/or charge you interest in accordance with the Late Payment of Commercial Debts (Interest) Act 1998, as amended.****6.6 You shall not withhold payment or other amount due to us by reason of any right of set-off or counterclaim that you may have or allege to have or for any other reason whatsoever.****7. DELIVERY****7.1 We will not dispatch your Goods prior to payment in full being received by us, or prior to any validation checks being satisfactorily completed.
